ST. ELIAS FEATURED IN WALL STREET REPORTER INTERVIEW

St. Elias Mines Ltd. (“St. Elias” or the “Company”), announced today that its recent developments caught the eye of the Wall Street Reporter resulting in an audio interview that can be heard online at www.wallstreetreporter.com.

In the interview Mrs. McClenahan discusses St. Elias’ recent acquisition of the Strawberry Flats Gold Project, British Columbia, as well as, the continuing operations of the 100% owned Tesoro Gold Project in Peru.

“The Company is intently focused on the ongoing and frequent developments at the Tesoro project however, with respect to our Strawberry Flats acquisition, when an opportunity of this potential arises on the home-front, we are all but forced to take advantage of it. Call it fortuitous, or just being in the right place at the right time but as the old proverb states, *luck is what happens when preparation meets opportunity*” says Lori McClenahan, President and CEO.
